

24-hour skilled nursing care.

Comprehensive rehabilitation services.

The Health Center at our Health Campus is part of the full-continuum of senior health services we offer.

Our Health Center provides 24-hour skilled nursing services, along with comprehensive rehabilitation services. These services are carefully tailored to meet your specific needs and designed to help restore health, functioning and independence.

Many residents come to us for a short stay following an illness, injury or an acute hospital stay, while others come here for ongoing quality long-term care and nurturing support. Whatever your needs, our caring staff is dedicated to your comfort, well-being and peace of mind.

Our well-appointed Health Center combines state-of-the-art facilities with an elegant and comfortable environment.

As with all of our programs, the physical, medical, social, and spiritual needs of each individual are carefully considered in every aspect of our delivery of care. We recognize that we care for individuals, each with unique wants, needs, beliefs, and expectations.
